

# LOS ANGELES DEPENDENCY LAWYERS INC.

invites you to our Parent Orientation. This orientation will help you better understand parents' rights & responsibilities, court timelines, child family team process, tips for family time, and the importance of a safety plan.

The Parent Partners of Los Angeles Dependency Lawyers have lived experience with the child welfare court system, child welfare system, addiction, domestic violence, and incarcerated parents. We understand the frustration, and feelings of loss and hopelessness associated with being involved with the child welfare system. We would like to provide answers to your questions, offer support, and assist with navigating the barriers of this difficult and frustrating system.

You will receive a certificate of participation upon completion.

If you are interested in attending the LADL Parent Orientation, please contact the Parent Partner from your law office below:  
If you're not sure which law firm represents you, please call the LADL Administrative Office 323-262-0472
